SUMMARY

I'm Sudhir Singh a Full Stack Web Developer. Cyber security and computer networking enthusiast. Currently I'm preparing for CCNA and CEH. My motto is Elegant Design & Best Functionality, because I find it very important that how we present our business is what matter the most, the more cleaner, minimal, straight forward, better design, better user experience the more it helps to grow the business, that's all what I can do. Feel free to contact me for any discussion.

Thank You

EXPERIENCE

Project "UNDERSTANDING ALGORITHMS VISUALLY"

[HTTPS://GITHUB.COM/CREPANTHERX/ALGORITHMS.GIT](https://github.com/crepantherx/algorithms.git)

2020

This project was build to make the students of IT and CS better understand the various algorithm by making them visualize the algorithm.

SUMMER TRAINING

CODULES TECHNOLOGIES PVT. LTD - 6 WEEKS

July 2020

A very close up look at company and also I learned a lot of new thing about practical implementation of Java Language in real life.

SUMMER TRAINING

NOIDA METRO RAIL CORPORATION - 1 MONTH

June 2019

Every thing about this summer training was so amazing. Their servers room, their metro technical infrastructure, their on ground working employees, their rail track accident detection system, their hierarchal optical network for telecommunication is mind blowing and I find myself very lucky to view all these technologies working together.

Project "CREPANTHERX.DEV"

[HTTPS://GITHUB.COM/CREPANTHERX/PORTFOLIO](https://github.com/crepantherx/portfolio)

2019

My Personal Portfolio is also a very important project for me as it is designed and maintained by me from scratch without using any boilerplate code and I am very proud of it.

Project "WWW.INDUSTRYTECH.CF"

[HTTPS://GITHUB.COM/CREPANTHERX/INDUSTRYTECH.GIT](https://github.com/crepantherx/industrytech.git)

2018

I built this website when I was in 2nd year of my IT graduation for a startup company IndustryTech.

Project "NUMBER COUNTING"

[HTTPS://GITHUB.COM/CREPANTHERX/COUNTER.GIT](https://github.com/crepantherx/counter.git)

2016

To better understand the counting algorithms then I built my own.
